Celebration Cakes & Catering	21-22
General Info	23

Established by our family in Sicily in 2015, our bakery is a celebration of artisan craftsmanship and the warmth of shared moments around the table. We moved from Italy to Scotland in 2018 and we established our bakery in Perth and in 2023 we finally moved in a new big factory in Linlithgow.

****Our Heritage****

Founded almost 9 years ago, our bakery embodies the rich culinary heritage of Italy. Our executive pastry chef Graziella after the culinary school in Italy, many courses and certifications, and experiences in hotel and restaurants in Italy, Malta and France, decided to open her “sweet lab” in UK.

Our commitment to quality and tradition is the heart of our success.

****Our Focus****

Our core business revolves around crafting artisanal products tailored for cafes and restaurants, catering services, corporate events and various celebrations.

Immerse your customers in the authentic flavours of Italy with our diverse range of handcrafted pastries, bread, and confections. We have also a big range of French desserts, and traditional cakes and desserts from Scotland and England.

****Gluten-Free Expertise****

Catering to diverse dietary needs, we take pride in offering an extensive range of gluten-free products. From gluten-free pastries to bread, our commitment to inclusivity ensures that everyone can savour the magic of our bakery.

****Collaboration Opportunities****

Partner with us to elevate your cafe or restaurant's menu with our premium, authentic Italian products. Enhance your offerings and leave a lasting impression on your customers with our handcrafted delights.

****Quality Assurance****

Our ingredients are sourced meticulously, and our recipes are crafted with care, ensuring consistent quality.

Sicilian Artisan Bakery guarantees that every bite is a testament to our unwavering commitment to excellence.
